# THANK YOU FOR THINKING OF AUTOCHAIR

It is our sole aim to make life easier in every way possible when it comes to people getting into their cars or using them in conjunction with wheelchairs, scooters or powerchairs.

For over 30 years we have specialised in helping people enjoy the freedom their cars give them, through a range of hoists that can be easily fitted into any kind of vehicle. And now we would like to give you this same service, providing all the support, advice and options you need to maintain your way of life without mobility hindrances.

# THE OLYMPIAN HOIST

## 3 WEIGHT CATEGORIES: 100KG, 150KG AND 200KG

Olympian Hoists are simple and easy to use and come with a hand held control system allowing you to control the up and down, left and right movements of the hoist all at the touch of a button. The hand control system runs from the vehicle battery and uses nominal power.
